

Alfred State College Centennial

Name: Ken Beckerink

Department: Bus Administration Dept

Dates Employed: 1967 - 1993

Memories:

+ Ten years as Dept Chairman - 1983-1993

Those years were very exciting.

The Dept grew from: less than 300 students
to 445 students over a three year period !!

The most interesting students were
the marginal ones and the outstanding ones.
(Both were a challenge)

Example: A marginal student entered
my office one week before he graduated.

He said.... Prof Beckerink, you spoke
often in class about thinking in terms
of "concepts". I did not have a
clue what you met! Now, I
fully understand & I can actually
think conceptually!! "Thank you!!"

Our "year end" picnic with the
students & faculty were also lots of fun.
