

Sustainable Agriculture

<http://www.alfredstate.edu/library/hinkle-research-links>

Find Books, Videos and More

Access the library's [online catalog](#). Possible subjects:

- Agricultural ecology
- Alternative agriculture
- Green movement
- Land use – environmental aspects
- Organic farming
- Permaculture
- Sustainable agriculture
- Sustainable development

Find Articles

Under “**Find Articles**”, click on “**Databases by subject**” then link to “**Health and Life Sciences**”.

Databases with full-text:

- [Academic Search Premier](#) – Contains articles from magazines, newspapers and scholarly journals. Contains more general information.
- [GreenFILE](#) – An environmental database which includes topics ranging from global climate change to sustainable agriculture.
- [ProQuest](#) – Like Academic Search Premier contains general information with articles from magazines, newspapers and scholarly journals.
- [ScienceDirect](#) – Contains mostly articles from scholarly journals.

Databases with citations and/or abstracts only:

- [Agricola](#) – This is the index for finding information about agricultural science.
- [BasicBiosis](#) – An index with articles in life sciences disciplines.
- [BioDigest](#) – Covers all life sciences.

Selected Internet Resources

- [Alternative Farming Systems Information Center](#) – A USDA (United States Department of Agriculture) website containing information on sustainability in agriculture, organic production, alternative plants and crops, alternative marketing and business practices, soil and water management, etc.
- [ATTRA : National Sustainable Agriculture Information Service](#) – This site contains many online publications covering topics ranging from horticultural crops to pest management.
- [Cornell University – Gardening Resources](#) – A good site for finding information on growing fruits and vegetables in New York.
- [Digital Collections at Mann Library – Cornell University](#) – These collections include CHLA: Core Historical Literature of Agriculture, which contains historical books and journals about agriculture and rural life.
- [E-Commons @ Cornell – College of Agriculture and Life Sciences](#) – A digital repository for Cornell University, contains articles from Cornell publications, for very specific, narrow subjects.
- [Penn State College of Agriculture Publications](#) – Publications from Penn State on agricultural topics ranging from manuals to factsheets, most publications are available for free online.
- [Rodale Institute](#) - Located in Pennsylvania, the Rodale Institute specializes in organic agriculture.
- [Sustainable Agriculture Research and Education \(SARE\)](#) – Has many publications available online in PDF format.
- [Sustainable Agriculture Science Tracer Bullets Online – Library of Congress](#) – Bibliographies of books, journal articles relevant to sustainable agriculture, also contains a list of internet resources.
