

WHY DOES ASC HAVE A PREFERRED LENDER LIST?

The Financial Aid Office at Alfred State College has the best interests of our student and parent borrowers as our primary concern. The Financial Aid Office takes student loan counseling very seriously. While there are a multitude of student loan companies offering hundreds of different products, features, benefits and incentives; we know that the average student/parent does not have the time, knowledge or resources to research all of the available options. We also know that promotional materials or websites developed by some lenders are intentionally misleading.

Alfred State College closely monitors the performance of all of our student loan lender partners to ensure the highest quality of service and products for our students and families. Our Preferred Lenders have demonstrated a commitment to providing the very best customer service, technology and borrower benefits. These lenders have worked collaboratively with the higher education community to continuously improve and augment the services we provide. They are committed to keeping borrower costs as minimal as possible. Our lenders provide detailed information about their product and services, allowing us to provide a side by side comparison of each lenders interest rates, fees, features and benefits. Most importantly, our Preferred Lenders have worked collaboratively with the Alfred State College Financial Aid Office to ensure that our borrowers are receiving the best product the industry has to offer.
