

High School Tech Challenge Project

Project name: Apple Pie

This pie is a very traditional bakery pastry, which can be made in several different forms.

- ❖ Lattice crust
- ❖ Two crust
- ❖ Rustic assembly
- ❖ Stacked apple pie
- ❖ Dutch apple pie

Objective:

Introduce students to the method of scratch baking using a variety of techniques with the same basic materials.

Outcomes:

A product that can be produced and presented for service, made with basic ingredients found in most restaurants and bakeries.
