RESIDENCE HALL STAFFING

Resident assistants (RA's) are student staff that are carefully selected and trained. RA's live within each residence hall with the residents of the building. Their roles include peer mentoring, programming, conflict mediation, and serving as a resource person and hall- and school-policy enforcer.

Each residence hall is supervised by a live-in Residential Professional who is responsible for everything that goes on in that building. Residential Professionals serve as liaisons between students, faculty, parents, and college administrative personnel.

SAFETY & SECURITY

Each residence hall is staffed 8 p.m. - 1 a.m. on weekdays, or until 3 a.m. on weekends. Guests, visitors, and building residents must sign in when entering any residence hall after 10 p.m.

All overnight visitors must be registered and have a card filled out by their student host. Visitation is limited to 72 hours in a 10-day period.

Periodic fire drills are conducted to ensure that systems are working and residents know the proper evacuation procedures.

The University Police Department is open 24 hours/day, 365 days/year. You can reach an officer from any campus phone (ext. 3999) or from the "blue lights" located on campus grounds.

Yoga sessions in Burdick Hall

The University Police Department regularly conducts programs to promote student safety.
