RESIDENCE HALL STAFFING

Resident assistants (RA's) are student staff that are carefully selected and trained. RA's live within each residence hall with the residents of the building. Their roles include peer mentoring, programming, conflict mediation, and serving as a resource person and hall- and school-policy enforcer.

Each residence hall is supervised by a live-in Residential Professional who is responsible for everything that goes on in that building. Residential Professionals serve as liaisons between students, faculty, parents, and college administrative personnel.

The University Police Department regularly conducts programs to promote student safety.

SAFETY & SECURITY

Each residence hall is staffed 8 p.m. - 1 a.m. on weekdays, or until 3 a.m. on weekends. Guests, visitors, and building residents must sign in when entering any residence hall after 10 p.m.

All overnight visitors must be registered and have a card filled out by their student host. Visitation is limited to 72 hours in a 10-day period.

Periodic fire drills are conducted to ensure that systems are working and residents know the proper evacuation procedures.

The University Police Department is open 24 hours/day, 365 days/year. You can reach an officer from any campus phone (ext. 3999) or from the "blue lights" located on campus grounds.

LIFESTYLE CHOICES

A mix of curricular and co-curricular opportunities plus enhanced access to campus resources (Health and Wellness Services, Student Engagement, and Living Learning Communities) provide new students an inclusive living environment.

This will make you better prepared to tackle your college experience than other students!

GENDER INCLUSIVE HOUSING

This option allows individuals who are not the same gender, who may identify outside of the gender binary (male or female), who may be questioning aspects of their sexuality/ gender, or who may be in the process (or completed) a gender transition, to live in an environment that is safe and supportive. This living space is open to the entire campus community and, is requested through an application process. Applicants are selected on a yearly basis by a committee dedicated to the oversight of that community.

FAQ

How are room assignments made?

Regular housing selection begins on April 13 for all first-year students. Transfer students may begin the process the week of March 23. Housing assignments for students entering in the fall semester will be sent mid-June.

Are single rooms available?

Designated singles are available on a first-come, first-serve basis. There is an additional cost for singles. The opportunity to have a single room is very slim, especially for first-year students.

Am I able to stay over breaks?

You must complete the break housing application to determine eligibility. Watch Student Announce in the weeks prior to the scheduled break.

What if I have special housing needs?

You will be asked to provide medical documentation to our Accommodative Housing Committee. Students should fill out the Accommodative Housing Request form on eRezLife and attach the documents there. If approved and space is available, we will do our best to provide you with appropriate accommodations.

Is there special housing for first-year students?

Yes! Based on space availability first-year students may have the opportunity to select housing in another residence hall. Townhouses or MacKenzie Commons Apartments are reserved for upper-class students.

There is a period within the first two weeks of each semester when students may relocate (based on space availability) with the permission of the Assistant Director of College Housing. At the completion of the room change period, elective relocation ends.

Does the College offer a 21 and over lifestyle on campus?

Yes! Individual apartments/suites may apply for designation as an Over-21 accommodation.
